

Baptist Football Queensland 2010 Grounds & Wet Weather Procedures

Grounds

All fields that are utilised by BFQ are owned by others and therefore we are to ensure that our players and supporters behave themselves in an exemplary manner at all times. BFQ has an excellent working relationship with all of its field's owners and we have worked hard over the years to ensure that long term tenancy arrangements stay in place. Please ensure that your team and its supporters go out of their way to leave grounds cleaner and in better condition than when you arrived. This also keeps our field costs down which has a direct saving to each club.

Please remember the following guidelines:

- Each team on arrival should check with the referee to see if any field setting is required.
- Each team is to ensure that all rubbish is placed in bins provided. If bins are not provided it is the team's responsibility to take all rubbish with them when they leave.
- Please ensure that your players only park in designated parking areas. This is particularly important at University owned grounds. If you park in the wrong area you will be fined or locked in for the balance of the weekend. If in any doubt check with the referee before your game commences.
- Report any field problems you may experience directly to the Grounds Convenor.
- Please respect the privacy of the communities that border our parks.
- The consumption of alcohol and use of illegal drugs at grounds is strictly forbidden at all BFQ sanctioned games.
- Teams are required to ensure that all spectators and participants enter and exit car parks in a safe and orderly manner.

Please also be aware that our referees are under specific instructions to report any breaches of our team responsibilities regarding grounds. Referees have also been instructed that should possible ground damage be a probability they will cancel the fixture on the day to ensure that our usage of fields remains a high priority to those clubs we utilise.

Wet Weather Procedures

BFQ tries to take a sensible approach to the cancellation of fixtures due to rain. Please check your rules section of this handbook for specific instructions. Normally our field providers are called on Friday morning to see whether they believe their fields will be playable on the Saturday. If some venues pull out we have a number of reserve venues at our disposal. **Please ensure you check the website by 10am on game day for any cancellations / changes to venue. If nothing is listed on the website by that time, please proceed to the ground where the match referee will make the final call.** Do not call Executive members asking "is the game still on". This simply clogs up the phones at a time when we will be trying to communicate with each other about wet weather options.

Should you need to contact BFQ at all with regards to any matter concerning fields, please do so via the Games Convenor who can advise you further. The Games Convenor's contact details are available in the Executive contact section of the handbook.
